

21 Reasons

YOU SHOULD SUPPORT YOUR UNION

EVERY DAY your union fights to protect **YOUR** job, pay, and benefits from Washington politicians.

Here's what we are up against:

LEGISLATION TARGETING YOUR PAY

S.2079 (Heller, R-NV) – would extend the freeze on federal employee pay through 2015. Rather than the bill being referred to Committee, this bill was introduced and placed on the Senate calendar where it could receive action at any time.

H.R.408 (Jordan, R-OH) – would extend federal pay freeze through 2015 & repeal prohibition on contracting out of federal jobs.

LEGISLATION TARGETING YOUR PENSION

This bill was favorably reported from the House Committee on Oversight and Government Reform and on February 14, it was approved by House Rules as an offset to pay for part of a highway funding bill. Full House action expected soon.

H.R.3630 (Camp, R-MI) – this legislation extending the payroll tax holiday and unemployment insurance benefits included a provision increasing retirement contributions for new federal employees by 2.3% effective December 31, 2012. This legislation has already been ENACTED.

S.644 (Burr, R-NC) - would eliminate the defined benefit pension part of FERS.
